

February 2021,

Select Medical has had such an amazing experience and partnership with Keiser University for several years. This prestigious University has taught countless exceptional healthcare professionals. We truly appreciate all due diligence that Keiser instills into all of their students.

For students who have been selected to attend Keiser, should be happy with its vast network post-graduation. There a bevy of wisdom and clinical resources accessible for Keiser students that will help them transition into their career. This University will provide the necessary tools, training, skills and competencies to excel in their role.

With warm regards,
Human Resources
