To Whom It May Concern:

Keiser University has been an important asset to our community during this most challenging time for healthcare.

By partnering with the Student Services Department, Sonas has been able to employ quality nurses to care for some of our most critically in need families.

Our team has participated in in-person and virtual hiring events as well as Employer Spotlights, which has allowed us invaluable one-on-one interaction with students and alumni who are eager to learn more about pediatric home care as a career path.

We look forward to continuing our work together in providing love, light, and laughter into the homes of those we serve.

Together, we CAN make a difference!

Sincerely,

*Jessica Frye*
