Re: Keiser University

To Whom It May Concern,

As active business partners in the Tampa Bay area, the Tampa Bay Chamber appreciates Keiser University's support of the business community and the important role they play in making Tampa Bay a strong and vibrant area. Representing over 1,400 businesses in the community, the Tampa Bay Chamber believes that the future of Tampa Bay is bright and that by having a strong higher education community in our region we will ensure the workforce development needed for a prosperous economy.

Tampa Bay has seen tremendous growth and advancement and we believe that educational institutions like Keiser University will help to further that growth and development in the region for years to come. Staff from Keiser University are heavily involved and dedicated to our Workforce Development Committee, and Military Advisory Committee, which further instills their commitment and focus on making our community a strong and vibrant home for all.

As a community, we fully understand the importance of support, and the Tampa Bay Chamber support Keiser University and will be here to help, should they need it.

Sincerely,
