To Whom It May Concern,

I am pleased to be writing a letter of support for Keiser University New Port Richey. Keiser University is important to our community because of their support of The Greater Pasco Chamber of Commerce and the local community.

The Greater Pasco Chamber of Commerce was established in 2019 to assist local businesses with their marketing, operations, and other areas. We count on organizations such as Keiser to be able to help local businesses grow and prosper.

Through the assistance of Keiser University, specifically President Charles Gibbons and Director of Student Services, Gina Betz, we have been able to grow our membership, raise funds for operations and help hundreds of local businesses. We've been fortunate to have the ability to host educational events at the new facility in New Port Richey.

We are grateful with the quality of management and staff at Keiser University. We look forward to continuing a mutually beneficial relationship for both Keiser University and The Greater Pasco Chamber of Commerce.

Best regards,

Charlotte Ortiz
Events & Marketing Director
The Greater Pasco Chamber of Commerce
