Re: Kieser University Advisory Board

To Whom It May Concern:

I am a member of the Keiser University Advisory Board to ensure that students receive a high-quality education. Keiser University is important to my organization because it offers a variety of degrees and programs that benefit the community. Students that graduate from Kieser are instantly employable and are highly sought after in the community workforce. I have been a member of the legal studies advisory board for over 10 years at Kieser University and know the quality of staff and education Kieser offers to its students.

Keiser University has impacted the community and my business by giving students the tools they need to be successful in the industry they desire. I have been a part of the legal community for 31 years as a prosecutor and defense attorney and I will continue seeking students with this level of education and preparedness.

Very truly yours,

Darren D. Shull, Esquire
