To Whom It May Concern,

The Leon County Sheriff's office is pleased to support Keiser University, whose aim is to provide quality educational curriculum to students and/or graduates aiding in their career developments.

As Sheriff of the Leon County Sheriff's Office, I have participated as a keynote speaker to several Keiser University Campus graduations. It was enlightening to speak to students about my profession in the law enforcement arena and provide insight to those persons who may be interested in pursuing careers in law enforcement, criminal justice, and/or corrections.

Keiser University plays an important role in our community by promoting students and helping them to reach their full potential. The education that Keiser provides not only helps the graduates compete in the law enforcement profession, but it also provides them with a competitive edge to succeed in the workforce industry.

Respectfully,

Walt McNeil
Sheriff, Leon County
