Alfredo Dominguez, Ph.D.
Program Chair MSITL /MSIS
Keiser University - Pembroke Pines
College of Advanced Technology

As an advisory board member at Keiser University, bonds were formed through many of staff members.

As an employee of Miami Dade County Public Schools in the Mental Health Services Department, the company may benefit by employing higher-quality students.

Keiser University brings a robust value of excellence through its focus on OCAAT (One Course at A Time), allowing students to manage time and responsibilities.

From experience, Keiser University has a great number of students with urgency for success.

Sincerely,

Angel Naranjo
