RE: Keiser University

Dear Valued Community Partner,

The Sarasota Military Academy is honored to have an established relationship with Keiser University. SMA and Keiser have partnered in generating successful opportunities for our students through career and continuing education programs. We value the work and commitment from the faculty and staff at Keiser for their dedication to the community.

The Sarasota Military Academy has had the privilege of hosting Keiser University professionals on our campus for career development, educational opportunities on their campus and providing financial aid workshops to our students. Keiser University staff are always willing to join us in efforts to provide the most information about the possibilities after high school. SMA has seen many students continue their education at the Keiser University campus and go on to graduate in their desired field as successful professionals. We believe Keiser University is an excellent resource for our students where they will be cared for and valued in their next phase of academia.

Keiser University and The Sarasota Military Academy work collaboratively for the good of our community. We are thankful for community partners like Keiser University.

Sincerely,

SMA-LTC Caitlin L. West
Assistant Head of School
