Keiser University
6151 Lake Osprey Drive
Sarasota, FL 34240

To Whom It May Concern:

I'm writing to voice our support for Keiser University and the work it does in advancing the education of its students and matriculating those students into the workforce in Lakewood Ranch, Florida.

Keiser University is an outstanding resource for the business community. Schroeder-Manatee Ranch, Inc. has benefited from its student body in many facets of our business. We have hired graduates from your culinary, information technology and overall business departments. Our human resources department has worked with your student services department for many years, and we have returned to Keiser University when we have required additional staffing needs.

Most importantly, the strides Keiser has made towards producing high quality entry-level candidates for professional positions makes hiring much easier and results in less turnover. Those Keiser University candidates generally have a higher level of understanding of the needs of the businesses they intend to join, and a greater commitment to professionalism and have an overall higher level of competence.

Based on our experience with Keiser University, I believe the school provides an enormous benefit to the local community.

Sincerely yours,
Schroeder-Manatee Ranch, Inc.
