To Whom it May Concern,

I have served on the Keiser University Advisory Board in Tallahassee for the last three years and have greatly enjoyed interacting and assisting your student population in seeking careers in criminal justice. I am grateful to Keiser University as they have provided the Taylor Correctional Institute with three dedicated employees over the last few years. Keiser University ensures that the students are well educated, well spoken, and extremely professional in the work environment. I am glad to be a member of the advisory board and greatly enjoy meeting with the criminal justice department during the Advisory Board meetings. Taylor Correctional greatly looks forward to visiting your classrooms and meeting with your students and providing them with career opportunities in the corrections field.

The Department of Corrections in the state of Florida is facing a crucial job shortage at this time. We are making every effort to recruit new correctional officers all across the state and greatly appreciate Keiser University opening its doors to our agency to meet with the students. Thank you again for allowing Taylor Correctional Institution to be a part of your community.

Respectfully,
