

KEISER UNIVERSITY AS, OTA PROGRAM OUTCOMES

The Accreditation Council of Occupational Therapy Education (ACOTE) independently accredits all OTA programs. To be eligible to sit for the national boards (NBCOT), a candidate must provide evidence of graduation from an accredited program. *Between 2016 and 2017, all campuses offering AS, OTA transitioned into individual accreditation through ACOTE.*

Number Admitted: The AS, OTA program offers two to three (dependent on campus) admission cycles every calendar year in either January, May, and/or September. Once all general education pre-requisites are successfully completed meeting the minimum academic requirements, the program requires an additional 16-months of the program major courses for completion. *The maximum number of students admitted per campus annually is seventy-two. These students then have the opportunity to become graduates in the following calendar year. The below table tracks graduates for the most-recent three reporting years.*

Number of Program Graduates and Graduation rate:

The AS, OTA program graduates two to three cycles of students on an annual basis. This number includes those admitted, who may have failed a course, yet return to complete and graduate *within 150% of the required time*. For the most recent year, the graduate data remains pending total results. Results currently displayed as a projection of the current year listed. The AS, OTA program has a set program evaluation benchmark of $\geq 70\%$ annual graduation rate.

***Graduation Rate 2020:** *The year of COVID brought cancelations of fieldwork & clinical placements therefore extending graduates into the following year for all campuses.*

NBCOT ® results disclaimer:

The AS, OTA program maintains internal data on all students and graduates. When the program transitioned into independent campus accreditation, *the results offered here may not reflect the statistics provided by NBCOT® in their website*. NBCOT® continues to report results encompassing several campuses according to previous program regional accreditation status. The data reflected here are internal individual campus data. A comparison to NBCOT annual national average pass rates is provided. For NBCOT results please follow the link provided on this webpage. The accreditation agency has established an $\geq 80\%$ three-year cumulative pass rate.

Job Placement rate: Outcome data reflects an academic year inclusive of a 6-month post-graduation period allowed for employment. The program has a set benchmark of $\geq 70\%$ employment annually.
