Doctor of Nursing Practice
Candidates for admission to the DNP program are required to hold a Master’s degree in nursing from an accredited university with minimum nursing graduate level GPA of 3.0 or higher. Students must also enter with and maintain an Active unrestricted registered nurse or advanced practice nursing license. All students are encouraged to submit Graduate Records Exam (GRE) scores in support of their application. Admission decisions are made at the program level and based on a combination of a student’s Master’s level academic performance, GRE score, letters of recommendation, personal declaration statement, and an interview with DNP faculty. Interviews may be conducted via teleconference. Please note: An interview is not granted to all applicants. All applicants are required to have a clear criminal background check. A clear drug screen where applicable will also be required.

Admission Requirements

- Master’s degree in nursing from an accredited university
- Minimum nursing graduate level GPA of 3.0 or higher
- Active unrestricted registered nurse or advanced practice nursing license
- Nursing Practice site for clinical practice experience

Required documents for admission are as follows:

- Submission of a completed Graduate School Application
- Submission of an unofficial transcript showing successful completion of a Master’s degree in nursing from an accredited university with a minimum graduate GPA level of 3.0 or higher
- Minimum GRE composite score of 295 (or 1350 for tests taken before August 1, 2011).
- Requirement for GRE score may be waived for students who meet any one of the following:
  - Graduate degree from an accredited institution
  - Completion of the first semester of enrollment with a minimum grade average of 3.0.
• One page personal statement describing intent to pursue the DNP and areas of potential interest for the DNP Project
• Submission of an unofficial transcript showing successful completion of a Master’s degree in nursing from an accredited university within the first semester of enrollment
• Three letters of recommendation from health care professionals including at least one from faculty in a previous nursing program
• Current formal resume with complete education and nursing employment histories

*Program offered in Spanish only*

**Program Description**
Keiser University’s Master of Science in Management (MSMan) program is a 33 semester credit program that prepares students to compete in the current leadership and management environment. It is designed for students who want to develop the leadership skills to manage and lead employees in organizations and for professionals who want to assume greater management responsibilities within their organizations. The program emphasizes leadership skills, strategic planning and implementation, the human resources aspect of management, managerial communication and how to develop other leaders within the organization.

**Program Objectives**
Keiser University’s Master of Science in Management (MS Man) program enables students to contribute to the management profession and fosters independent learning. Upon completion of this program, students are able to:

• Create and manage strategic plans, projects, and organizational requirements
• Evaluate and use proficiency in managing and enhancing people skills in organizations
- Analyze the alignment of organizational resources to lead effectively
- Evaluate situations and problems to engage in effective decision making to implement solutions
- Analyze and show management skills by leading, evaluating, and promoting personnel in a global environment
- Support professionalism as a manager within the organization with good communication and leadership skills.
- Demonstrate professional communication skills in writing through organizing, thinking critically, and communicating ideas and information in documents and presentations

Program Outline
To receive a Master of Science in Management degree, students must earn 33 graduate semester credit hours. The length of this program is approximately 22 months. **NOTE:** Courses in the MS Man program are each eight-weeks in length, and students are normally scheduled for two courses concurrently.
