Pg. 19, Accreditation

In the 4th bullet on the page regarding Associate of Science in Occupational Therapy Assistant Program, :

Keiser University's Associate of Science in Occupational Therapy Assistant Program, Daytona, Fort Myers, Jacksonville, Melbourne, Miami, Pembroke Pines, Tallahassee, Tampa, and West Palm Beach campuses are fully accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA). ACOTE can be reached at the Accreditation Council for Occupational Therapy Education, American Occupational Therapy Association: 7501 Wisconsin Avenue, Suite 510E, Bethesda, MD 20814; Office phone: (301) 652-6611; website: http://www.acoteonline.org.

~~On April 5, 2025, ACOTE granted a status of Probationary Accreditation—Inactive to the Fort Lauderdale Campus.~~

~~This status indicates that the program is not currently enrolling new students and does not plan to enroll new students in the future. While the program is on Probationary Accreditation-Inactive status, the graduates~~ Graduates of the program will be eligible to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a grad

Under Program Outline, under Graphic Arts and Design Major Courses (36.0 credit hours), make the following changes:

GRA1100C	Graphic Design Theory	3.0 credit hours	
GRA1044C	~~Intro to Marketing and Self-Promotion~~ Fundamentals of Branding		3.0 credit hours
GRA2151C	Digital Illustration	3.0 credit hours	
GRA2150C	Digital Image Editing	3.0 credit hours	
DIG2109C	Digital Publishing	3.0 credit hours	
DIG2034C	Social Media and Digital Marketing	3.0 credit hours	
DIG 2280C	Digital Video and Audio Editing	3.0 credit hours	
DIG2292C	Post Production	3.0 credit hours	
GRA2142C	Web ~~Programming~~ Design 1 – HTML and CSS		3.0 credit hours
GRA2867C	Digital Photography	3.0 credit hours	
~~DIG2300C~~	~~Animation~~	~~3.0 credit hours~~	
GRA2732	Visual Storytelling	3.0 credit hours	
GRA2590C	Graphic Design Portfolio	3.0 credit hours	

Pg. 382, Course Descriptions

The following courses are no longer offered and are removed from the catalog:

BSC3401C Forensic Anthropology
CJB4712C Digital Image Capture and Processing
CJE1670C Crime Scene Procedures
CJE3670C Forensic Investigations
CJE4940 Integrated Law Enforcement Capstone Project I
CJE4941 Integrated Law Enforcement Capstone Project II
CJF3460C Introduction to Forensic Biology

CJF3470C Forensic Anthropology

The following courses need prerequisite adjustments as indicated:

CJF4351C (4.0 credit hours)

Advanced Evidence Documentation

This course introduces fundamental concepts of crime scene reconstruction, emphasizing the scientific methodology of crime scene analysis and the advanced procedures used in documenting physical evidence for the purposes of events analysis. Students develop techniques and explore the reconstruction process by demonstrating proper crime scene protocols, gaining practical experience at mock scene analysis and documentation, writing reports and participating in mock courtroom presentations. Topics shall include; bloodstain pattern analysis, death scene analysis, as well as firearms, ballistics and shooting scene reconstruction. Prerequisite: ~~CJE1670C,~~ ANT3524C and CJE3680C.

CJF3140C (4.0 credit hours)

Introduction to Criminalistics I

A study of common methods used in the scientific analysis of organic and inorganic materials with concentrations on hairs, fibers, paint, glass, soil, firearms, bullets, tool marks and combustibles/explosives. ~~Prerequisite: CJE3670C~~

Add the following course descriptions in the appropriate place in the alphabetical listing:

BSC3401C (4.0 credit hours)

Forensic Biology

Students will be exposed to biological evidence they are likely to encounter in their professional activities as a criminal investigator and introduced to some of the techniques used to analyze biological materials. Topics include hair and fiber, blood/body fluid, pollen, insects, and DNA analysis. Mock crime scenes will be used to introduce various topics and emphasize the need to properly collect and preserve physical evidence in a manner that will permit the laboratory to extract as much additional information as possible from the material.

CJE4940 (2.0 credit hours)

Forensic Investigations Externship I

This course is designed to introduce students to the practical working conditions of the field of forensic investigator/forensic identification specialist. The student will learn and demonstrate competence in handling the administrative and practical aspects of field investigative work. The student will demonstrate continued competency in administrative and investigative skills by classroom testing two times throughout this one-month externship period.

CJE4941 (2.0 credit hours)

Forensic Investigations Externship II

This course is designed to introduce students to the practical working conditions of the field of forensic investigator/forensic identification specialist. The student will learn and demonstrate competence in handling the administrative and practical aspects of field investigative work. The student will demonstrate continued competency in administrative and investigative skills by classroom testing two times throughout this one-month externship period.

CJE4960 (3.0 credit hours)

Law Enforcement Capstone

This course requires students to demonstrate knowledge learned throughout the program and apply theory to real world issues. This capstone project gives students an opportunity to demonstrate their

ability to apply what has been learned throughout their program. Students are expected to synthesize and integrate learning experiences acquired throughout their program and to evaluate research and current topics.

Pg. 449, Course Descriptions

Delete the course description for DIG2300C Animation.

For GRA1044C, update to the following new course name and description:
GRA1044C (3.0 credit hours)
Fundamentals of Branding
This course explores the foundations of branding through design. Students will examine how logos, color schemes, typography, and messaging come together to form cohesive brand identities. Through case studies and hands-on projects, students will develop and apply branding strategies that communicate a clear message, evoke emotional responses, and create lasting impressions. By the end, students will create a personal or client-based brand package that includes visual and narrative elements.

In the appropriate place in the alphabetical listing, add:
GRA2590C (3.0 credit hours)
Visual Storytelling
This course explores how to communicate stories and concepts visually across a variety of media. Students will analyze how imagery, composition, sequencing, and symbolism are used to tell stories and evoke emotion. Through photography, illustration, video, and mixed media, students will produce original narrative-driven work that connects with specific audiences and design contexts.

Pg. 623, Faculty and Staff

Remove the following subject no longer taught at the campus:
Faculty - Criminal Justice/ Crime Scene Technology~~/ Forensic Investigations~~
Harlette Lacau
M.S.F.S. Florida International University
B.S. Florida International University
