Definitions

Graduation Rate: The percentage of students who have matriculated into the first technical course in the program after the add/drop period and who complete the program with the Winter, Summer or Fall cohort. Example: 24 students start the program together and are projected to graduate together as the Winter 2015 cohort but only 22 graduate, with 2 students failing a course. Graduation Rate for the Winter 2015 cohort would be determined by 22÷24 = 92%. (Reference: CAPTE PTA Standards)

Ultimate Licensure Pass Rate: Percentage of students in a graduating cohort that took the NPTE Licensure Board Exam and passed, regardless of number of attempts. Example: 22 total students from graduating Winter cohort, 21 students passed the exam, Ultimate Licensure Pass Rate for the Winter cohort would be determined by 21÷ 22 = 95%. (Reference: CAPTE PTA Standards)

Employment Rate: Percentage of students from a graduating cohort who sought employment and were employed in physical therapy (full-time or part-time) within one year of graduation. Example: 24 total students from graduating Summer cohort, 23 students sought employment but only 22 found full or part-time jobs, Employment Rate for the Summer cohort would be determined by 22÷23 = 96%. (Reference: CAPTE PTA Standards)

Acceptance Rate: Percentage of applicants who met all academic and financial requirements for the PTA core. Example: 26 applicants, 24 applicants met Ketter University PTA entrance criteria and are accepted to the Winter, Summer or Fall cohort. Acceptance Rate would be determined by 24÷26 = 92%. (Reference: CAPTE PTA Annual Accreditation Report Instructions)

Matriculation Rate: Percentage of accepted applicants who were enrolled in the PTA core after the University's Drop/Add period (Per University Catalog) during the first core class. Example: # of students enrolled in 1st core class after the University's add/drop date ÷ number of students offered a place in Winter, Summer or Fall cohort. Matriculation Rate would be determined by 23÷24 = 95.8%. (Reference: CAPTE PTA Standards)

2 Year Average: The 2 year average represents cross cohort calculations for the current and previous year based on Winter, Summer or Fall cohort. (Reference: CAPTE PTA Annual Accreditation Report Instructions)

Benchmarks: 1. Graduation rates are at least 60%, averaged over two years, the two year graduation rate for each cohort must be at least 60%. 2. Ultimate licensure pass rates are at least 85%, averaged over two years, the ultimate two-year licensure pass rate for each cohort must be at least 85%. 3. Employment rates are at least 90%, averaged over two years, the two year employment rate for each cohort must be at least 90%. **Note: Items in red are below CAPTE Benchmark.** (Reference: CAPTE PTA Standards)

Cohorts	Core Start date	Core Graduation Date	Example: 2014
Winter Cohort	May Previous Year	April Current Year	Start May 2013, Graduate April 2014
Summer Cohort	August Previous Year	August Current Year	Start August 2013, Graduate August 2014
Fall Cohort	January Current Year	December Current Year	Start January 2014, Graduate December 2014
